Data Center Experience

A brief history of Hood Construction Company, Inc.

Hood Construction is a full service Construction Management company founded in 1986, located and incorporated in South Carolina. After working over seven years in the construction industry, Mark Hood enlisted additional industry talents to formally begin his own firm – an organization now boasting 34 years of service – emphasizing both personal & professional integrity, with a commitment to “Client Focus” every step of the way. Hood Construction employs approximately 95 staff members, including a highly talented management and administrative team, each of whom has professional training and extensive experience in all facets of our industry. Our safety record remains one of the best in construction, with over 2,150,000 man hours worked without a work-loss incident. Hood Construction holds a CM License in South Carolina and an unlimited General Contracting license in South Carolina, North Carolina, and Georgia.

Our Services
